

Rescue from Vehicles in Water **Instructor** (2 days)

Who Should Attend:

Emergency Services, Search and Rescue personnel and personnel from organisations involved in the delivery of training for those engaged in rescues from vehicles in water.

Pre-Requisites or APL:

- In-date DEFRA 3 Instructors Award
- Have attended the two day (MOD 3) Rescue from Vehicles in Water training course

Requirements:

- Indicated aptitude for working near and in water
- Fit for operational duties

Aim:

To provide the knowledge and skills to manage training involving rescue simulations from vehicles in water.

Outcomes:

After successful completion of the course, the student will have a firm foundation of knowledge and should be able to:

- Manage risks and organise facilities in artificial swift-water venues.
- Install vehicles in different orientations.
- Manage training in vehicle rope stabilisation.
- Manage learning associated with vehicle behaviour in water.
- Manage learning in relation to casualty issues associated with vehicle rescues.
- Manage wade rescues including use of hand-held sleds.
- Manage swim-based rescue simulations (for MOD 3 instructors).
- Manage craft-based “buoyant” rescue simulations (for MOD 3 instructors).
- Manage scenario-based training with multiple casualties from vehicles.

Duration:

2 days (15 hours)

Ratios:

Trainers 1:6 Students

Delivery Method:

Lectures, classroom work, practical sessions and scenario based training at a suitable venue allowing water access for vehicles.

Equipment:

Specialist equipment and PPE is included. You can provide your own PPE provided it is serviceable subject to inspection by our trainers.

Assessment:

Course content is assessed by a combination of direct observations of set tasks, question and answer and scenario-based assessment. Individual feedback is provided.

Certification:

Students will receive a digital Outreach Rescue certificate of achievement upon meeting assessment criteria. Results are recorded on a personal record of performance and recorded on the Outreach Rescue Database.

Certification is valid for 3 years.

Progression:

Reassessment & Refresher training is recommended every 2/3 years by means or re-attending this course.

Venue:

This course can be run at venues that have access to a vehicle in variable water flow, usually this will be Cardiff, Lee Valley or Glasgow.
