

Water Rescue Technician Instructor Assessment/Reassess

(Mod 3 Level)

Who Should Attend:

Personnel who have consolidated the learning on the Water Rescue Technician Instructor Training and are ready for assessment **OR** personnel needing to recertify as a Water Rescue Technician Instructor if approaching expiration of existing award.

Pre-Requisites or APL:

- ✧ Completed the Water Rescue Technician Instructor Training within the last 2 years **AND** holding an in-date Mod 3 compliant award

OR

- ✧ Completed a Water Rescue Technician Instructor Assessment/Reassessment within the last 3 years **AND** have verified records of skills maintenance
- ✧ Advanced First Aid Award (compliant with DEFRA Con-Ops Annex F) – **all attendees**

Requirements:

- ✧ Fit for operational duties
- ✧ Aptitude for training others
- ✧ Working knowledge of the DEFRA Flood Rescue Concept of Operations and/or NFCC RBC

Aim:

To assess instructional skills and associated knowledge and understanding required to instruct others in the skillsets of the Water Rescue Technician (Mod 3).

Outcomes:

After successful completion students will have demonstrated competence in:

- ✧ Working knowledge of all the Defra water & flood modules

Training design and delivery:

- ✧ Lesson Planning
- ✧ Scenario implementation
- ✧ Introducing subjects, principles and procedures
- ✧ Subjects in logical sequence
- ✧ Coaching complex skills
- ✧ Training venue assessment
- ✧ Group maintenance/management
- ✧ Goal setting for varying levels of ability

Reviews/Assessment:

- ✧ Run task reviews/question and answer sessions
- ✧ Assess practical/team/command skills
- ✧ Deliver feedback (group/individual)
- ✧ Use of multiple methods of assessment
- ✧ Maximise learning from scenarios and training sessions

Safety considerations:

- ✧ Establishing and monitoring safe systems
- ✧ Dynamic risk assessment of activities and venues
- ✧ Written generic risk assessment activities and venues
- ✧ Rescue students in difficulty

Evaluate complex scenarios:

- ✧ Convey logical progressions of response

- ✧ Convey command and control/multi-agency issues
- ✧ Convey permutations of rescue systems/ resources/ environments

Compliance:

- ✧ DEFRA Mod 3 Instructor
- ✧ NFCC Rescue Boat Code Mod 3 Instructor

Duration:

3 days with 21 hours contact time

Ratios:

Trainers 2:7 Students

Delivery Method:

Lectures, classroom work and practical sessions.

Equipment:

Specialist equipment and PPE is included if required. Provision of your own suitable equipment at this level of award is advisable for familiarity purposes.

Assessment:

Course content is assessed by a combination of direct observations of session delivery and personal skill sets, written tasks and a written exam. Individual feedback is provided.

Certification:

Students will receive a digital Outreach Rescue certificate of achievement upon meeting assessment criteria. Results are recorded on a personal record of performance and recorded on the Outreach Rescue Database.

Certification is valid for 3 years.

Progression:

Recertification is recommended every 2 years.

Completion of this assessment **and** attendance of the prior training at Outreach Rescue satisfies module 'Specialist Rescue Instructor (5087EXQ)' for the Diploma in Specialist Rescue and is worth 50 credits.

Venue:

Outreach Rescue, Tan-y-Bwlch Centre, Llanllechid, Bangor, Gwynedd, North Wales LL57 3HY
